QUOTING GRANT ENFINGER ON KANSAS SPEEDWAY

Describe a lap around Kansas Speedway: "Kansas Speedway is a smooth fast track. I had to use more brake than I was expecting around the turns. The banking is not as high as the last track we raced at, Chicago. I have found that the grove was around the bottom."

Thoughts on Kansas: "I am looking forward to Thursday's Kansas Lottery 150 at Kansas Speedway. We were not great at the test, but we are looking for an improvement of performance in qualifying. Like any other mile-and-a-halfs, track position is key here. We have to step up our qualifying efforts, an area where we have struggled in the past."
